

Personality Development and Stress Management Training for Non-Teaching, Administrative and Finance Staff, Librarians, Lab Technicians & Other staff

Date: 13th – 15th December 2019

Venue: Pondicherry

PROGRAMME OBJECTIVE:

- The growth of a student would be complete when the surrounding facilitators both in academic, practical and administration all contribute in the development of the student and make him more successful so not only the teaching, non-teaching staff also has important role to play.
- From our experience we observe that only teaching staff or the faculty alone get some training inputs, but there is a definite lack of training for the non-teaching staff, Administrative Staff and Technicians, this can result in the imbalance in the students growth, so it is recommended that for the best values that the college or Institution can get only when the training is ensured for both teaching and non-teaching staff.
- An all round personality equipped with appropriate knowledge, skills and attitudes is a pre-requisite for becoming a successful leader. A positive and pleasant personality will ensure that he / she is able to motivate, inspire and lead the team / department / organisation towards performance excellence.
- Hence, the compelling need in all organisations to develop an all round personality in its employees especially the managerial cadres so that it can contribute to efficient, effective and productive functioning at all levels of management. For developing one's personality, an open mind, a positive attitude and a learning temperament are essential. By developing ones personality, the ability to handle people, situations and tasks is facilitated, which is the major attribute that is sought after by all employees.

- **OBJECTIVES:**

- The objectives of the programme are:
- To create awareness regarding importance and impact of Personality Development on organizations
- To trace the various attributes by way of knowledge, skills and attitudinal changes required to develop the personality.
- To prepare an action plan and to highlight measures to inculcate these attributes in the Professionals. COURSE

This module of training for both non-teaching staff, Administrative Staff and Technicians recommended by us is gaining immensely popularity and purposeful.
