Sub: Refrain the NPIU faculty for lodging direct complaints to NPIU Noida

It has been noticed that NPIU faculty appointed under TQIP-III and others working under TEQIP-III Project have been lodging complaints directly to NPIU, Noida. This has been taken seriously as it is also against rules of work and conduct. If there is any complaint that should be moved through the Principal of the college. This may kindly be notified to all the faculty members. and even after this, if anybody lodge complaint direct to NPIU, Noida disciplinary action would be initiated against the concerned faculty.
