INTRODUCTION:

Institutions like the IITs, NITs and a few other public and private technical universities are admittedly performing well. The problem is that these institutions produce less than 5-10 per cent of the quality engineers in India.

Most other institutions are in serious need of improvement in their quality. A majority of these are affiliated to universities and teach the curriculum developed by the affiliating university. As a result, they lack the incentive to continuously improve the quality of teaching and learning and are not geared to adapt to the changing qualification needs of the job market.

These colleges mostly focus on undergraduate teaching and their post-graduate programs are often weak. Furthermore, they lack a systematic capacity building effort in education and research. The quality assurance and accreditation efforts of these institutions can be characterized by "compliance" rather than "improvement" tool. Most of them do not have a deep engagement with the employers and are rarely involved in regional development and partnerships with local economic players. Without strong links in the industry, the colleges have a deficit of entrepreneurial and innovation spirit. And hence, the students and the faculty get little exposure and have little to no experience when it comes to solving practical problems. This particular programme aims at equipping teachers with the skills and knowledge that are essential for inculcating values in students grooming and monitoring their progress and career. Hence it will further enhance the Academic and Intellectual Environment within Technical Institutions/ Universities.

TRAINING CONTENTS:

- TQM for Educational Institutions
- Bridging the gap between industry and Institution
- Modern methods for an Effective teaching
- Method design for Practice-Based Learning
- Introduction to Research methodologies
- IPR and Ethical Issues in Engineering
- Setting up of Quality Question Papers to meet course outcomes and program outcomes.
- Developing Mechanisms for continuous Assessment and Corrective Actions
- Developing Rubrics
- Interpersonal Relations and Personal Effectiveness
- Time Management
- Change Management and Institutional Image Building
- Leadership and Teambuilding

VENUE: Gangtok, Sikkim

DATES: 21-25 June 2018

TARGET AUDIENCE:

Lecturers, Asst Professors, Associate Professors, Professors working in Engineering / Technical Universities and Colleges, other engineers / executives working in the above technology domains will find the program very useful.

CERTIFICATE:

A certificate of participation will be awarded to each participant on conclusion of the programme.

Programme Schedule :-

Programme Starts on : 21.06.18 at 15.30Hrs
Programme closes on : 24.06.18 at 18.00Hrs
Check-in for residential participants : 21.06.18(AN)
Check-out for residential participants : 25.06.18(FN)

For Accompanying spouse and / or children(in the age group of 5 to 12 years), the tentative charges would be Rs. 9000 and Rs. 7000 respectively for the entire duration, payable directly to the hotel by the Participant participation fee is non-refundable. however, substitution can be made.

PROGRAM FEES:

Residential Program Fees per Participant for 5 days:

Rs. 42,000 + 18 % GST

Non-Residential Program Fees per Participant for 5 days:

Rs. 30,000 + 18% GST

The above Program FEES includes:

- a. Reading Material.
- b. Program Kit (Bag, Writing Pad and Pen etc).
- c. Program Fee/Faculty Conference charges.
- d. Institutional Overheads.
