

Developer Student Clubs

Rajasthan technical University

Developer Student Club is an initiative taken by Google Developers to help university students learn developing for Mobile and the Web. Specifically aimed for university students to help them build their mobile, web, machine learning, cloud service skills. DSC provides an interactive space for students to brainstorm new ideas and collaborate them to create beautiful solutions.

What DSC will offer?

- Workshops
- Solution development activities
- Showcases
- Featuring a student success story
- Growing our local tech community

How is DSC beneficial?

Students get in touch with the developers across the nation, sometimes worldwide which increases student connectivity.

— 02

They gain knowledge about current advancements and innovations.

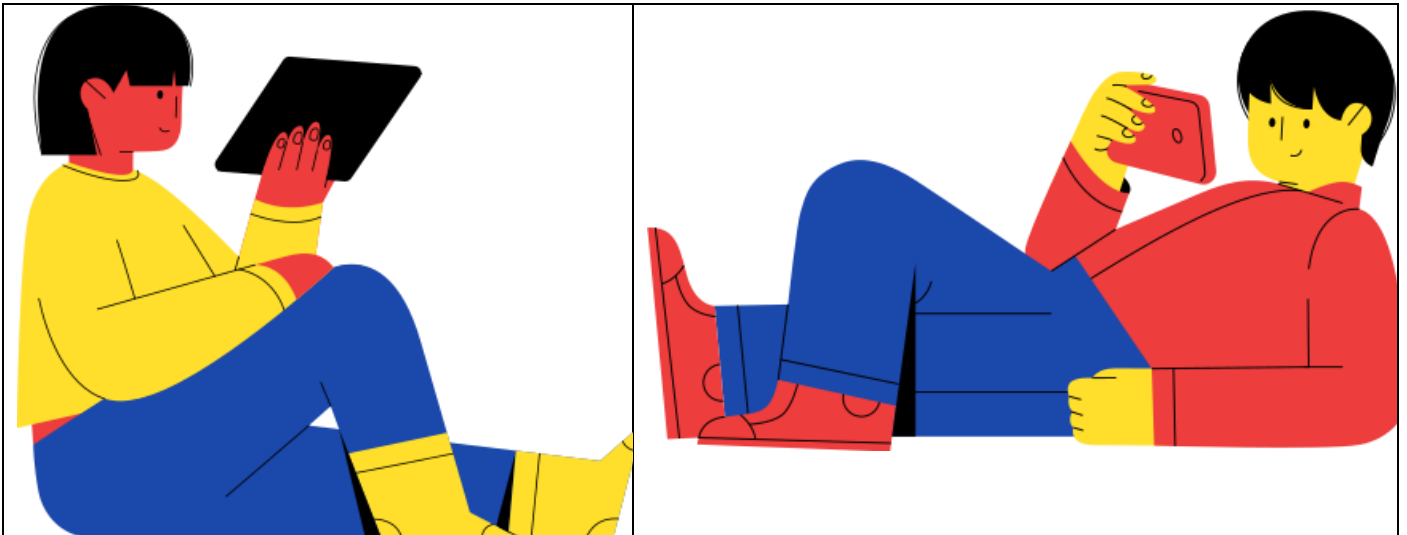

Lifetime experiences when the student gets the chance to represent outside the city.

Resume builds stronger, as the name is enough.

What will happen in DSC?

Students will get to learn about various emerging technologies like Mobile and Web Development, Machine Learning, Artificial Intelligence, and Cloud Platforms, etc.

Objectives

What we want to achieve

The program is aimed at inspiring and training students who will encourage other students on their campuses to learn newer areas of technologies that will equip them with the right skill sets as they step out of colleges to join the workforce.

— 04

As this club is a Global community, everyone has access to reach out or connect with people across the globe, learn things together, solve problems together, etc.

Our goal is to help nurture future developers and leaders and create a pool of highly skilled tech workforce, which is readily employable by the Industry and help spur innovation.

Student Expediency:

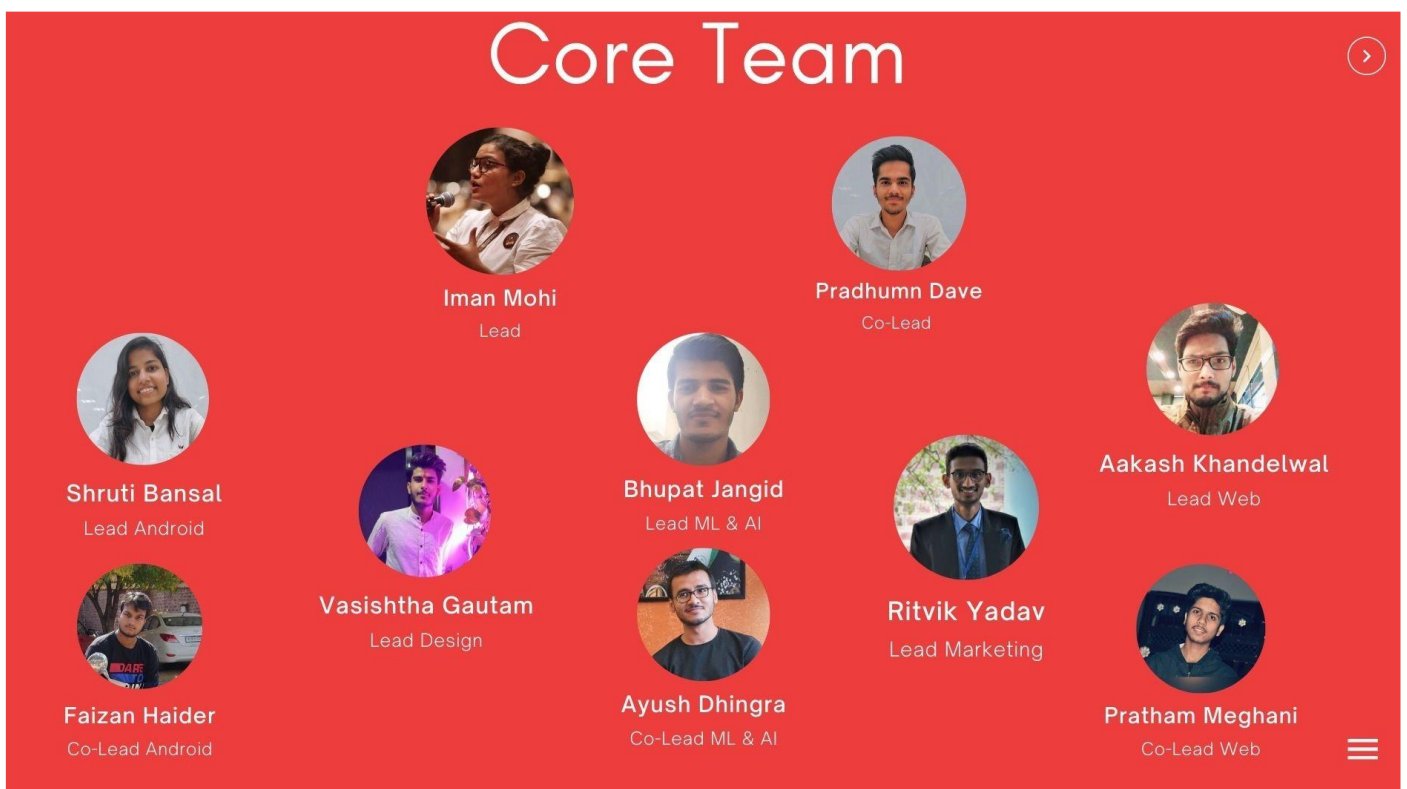

- **The DSC will be open to any student, ranging from novice developers who are just starting, to advanced developers who want to further enhance their skills.**
- **The club is intended as a space for students to try out new ideas and collaborate to solve mobile and web development problems.**
- **It doesn't matter if you are a rookie exploring technology, or an expert developer crafting complicated projects — DSC, Kota honors every student with a passion for code.**

Core Team:

Faculty Advisor:

<p>Narendra Singh Patel Assistant Professor Computer Science Department UD-RTU kota</p>	
--	--

Core Team

A grid of 10 team members, each with a circular profile picture, name, and role. The grid is arranged in three rows. The first row has two members, the second row has three, and the third row has five. A hamburger menu icon is in the bottom right corner.

				
<p>Shruti Bansal Lead Android</p>	<p>Iman Mohi Lead</p>	<p>Pradhumn Dave Co-Lead</p>		
				
<p>Faizan Haider Co-Lead Android</p>	<p>Vasishtha Gautam Lead Design</p>		<p>Ritvik Yadav Lead Marketing</p>	<p>Aakash Khandelwal Lead Web</p>
		<p>Ayush Dhingra Co-Lead ML & AI</p>		
				<p>Pratham Meghani Co-Lead Web</p>
