THE RTU CODERS

- **ABOUT US**

A community of coders who by passion and by choice learn, share, grow and code together to build an environment of coding enthusiasts in campus.

• MOTIVE

Create an impact by building a strong programming community from problem solvers to problem setters.

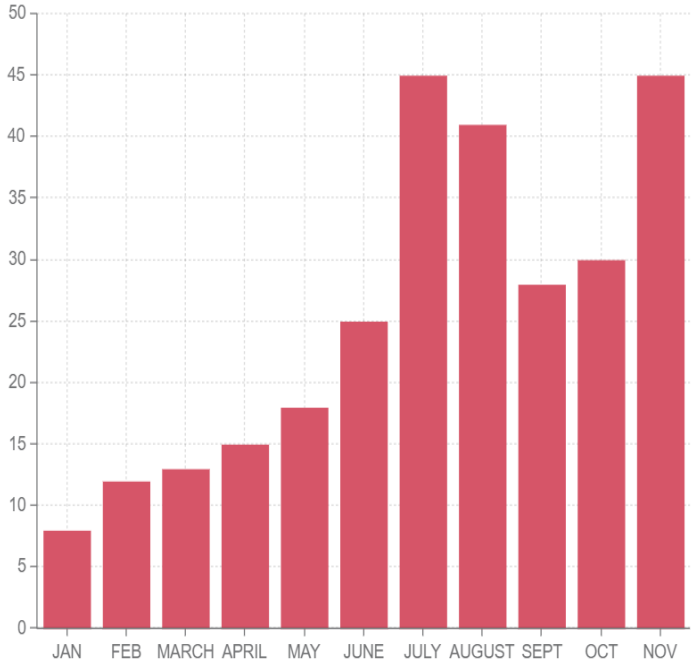
• Why Coding

- Build logical and problem solving skills
- Train mind to be more creative
- Brings time management
- **Crack MNC's, have high pay!**

CODECHEF RTU CHAPTER

- **For the first time in RTU, Kota, a CodeChef Chapter was brought by a team of RTU Coders to help build competitive programming atmosphere in campus**

- This chapter brought a tremendous change and saw a significant rise in the number of coders actively practicing and participating.



Activity:

- Mentoring students
- Holding coding contest
- Managing events, organizing sessions
